GOD

Focus on God. Focus on Love. These are our basic principles, yet how easily are they accomplished? Every day the world calls for our attention in a multitude of ways. We are asked to respond, react, create and even rest in a specific, acceptable manner. And it is easier that way- just to flow what is.

What we don't realize is that every time we respond to something or feel forced to do a certain thing, we have just allowed our energy to become aligned with the energy we are facing. We no longer feel our spiritual natures, we are now part of the world.

Yet, how easy would it be to focus on God instead; to include God in our thoughts. How easy would it be for us to check our guidance about everything before we do it. **Feel with God First.** *What if we felt comfortable saying, "I'm just not guided to participate." "I need to wait on that" or "I'm being guided to take this step right now!"* Listening to Spirit is much easier than responding to the world. Not only do your choices become immense, but your whole energy shifts.

When you stop and ask, "check in", you are tuning your frequency to that of your Christed Nature. And in that moment, everything changes. Your physical body vibrates higher, your mind is more open and your heart is happy. Even when you get answers that you don't understand, there is a sense of rightness about it. You know that God is involved and you will understand when it is time.

When we respond to the world, our energy moves to the choices the world gives us, and our connection to the divine is interrupted. In essence, we lower our vibration. But by taking a small pause, we can refocus on God and ask what spiritual solution might exist in this space that no one else can see.

We all want this instant communication with God. And Jesus taught us to build this energy through Prayer and Meditation, AND through kindness to others. Sometimes you might be the perfect channel for God to gift one of His Children with what they need, if you are listening.

The world needs each of our unique energies!

If we can recognize that our kindness helps the whole, we can begin to live in and share God's love. "I am valuable because God works through me." Now, when you ask for guidance, you know that it will not only bless your needs, but also be a blessing to the whole.

Our morning prayer should be, "God help me be light, be love, be kind- and help me to focus on you in all things." What a powerful prayer this would be!

Focus on God, focus on Love. **Feel with God First!** These simple steps bring you into alignment with your soul's purpose and your soul's peace!

Much love to all,

Cindy

New Eyes

The time we take for meditation and contemplation is more important than we realize. For in these times of silence, we are showing the universe that we are ready to receive. We may not always know what would be for our highest good, however, we are seeking greater understanding and insight in our life.

In our mediation classes, the first statement I make is, "Meditation will show you who you are, that you are more than you have been told you are, and more than you think you are." Meditation takes us on the journey from our head to our heart where our journey of life can begin in earnest.

When we realize that Earth is a school, experience is the teacher, and that we are here for our soul, life takes on a new meaning. Now this can be a heavy truth for some to hear, or it can be the truth that sets you free. With this understanding of who we are, a whole new world begins to open for us. All of our experiences take on a new light, old obligation or duty can now be seen as opportunity with purpose.

As we begin to look at life with new eyes -from a new perspective, we can accelerate our expansion in consciousness. Our old question about life that began with who, what, where, when and why when looked at with new eyes and new perspective will become a completely different vehicle for our unfolding.

Who- *Who am I*, when looked at with new eyes, can lift us out of our limited human nature and reveal to us our unlimited nature as spiritual beings, creator son or daughter of God.

What- When looked at with new eyes can reveal to us choices we have in our experience. What is this experience showing me about myself – or what is really mine to do here. We can gain greater understanding of who we are and our true potential. We are what we create.

Where- when looked at with new eyes, allows us to see where we are at this moment in time and perhaps where we are headed. With this clarity comes greater choice for growth and movement.

When- when looked at with new eyes, will show us the divine order in life and that we live in the eternal Now, and that universal love is always in operation. There is no time like the present!

Why- seen through new eyes, can reveal our soul's purpose and our path. This truth can inspire us to live at a higher level of conscious manifestation, and live the life we were born to live.

During our soul journey as we keep our new eyes open and let our heart guide us we will always find our self in our perfect place. God is good.

Peace, Patrick

Plan Greater to
Achieve Greater!
OCT 14 –Fall Festival

The church council has been working on a new way to approach something we've been doing for a long time. We're talking about our Spring and Fall Festivals. The energy for these fundraisers has been a little lack-luster lately, so let's look at things with fresh eyes to plan something new and different.

Why do we need the fairs? It's important to remember the purposes for the Psychic Fairs.

1. This is one of the best ways we draw new people and increase our outreach to the community. Many people come to us FIRST through the psychic fairs.

2. This is a great community builder for our church family – a fun way to come together to successfully create, visit, and enjoy each other!

3. This is a FUNDRAISER. Every civic group has fundraisers – schools, libraries, churches -- and this is ours. The funds we raise are important to our ability to keep the church open; the funds are an anticipated part of our very frugal budget.

So, how do we create Fun, New Energy? Here's the Plan:

Set the Intention—Call forth a fun, successful, well-attended fair (and good weather)

Start Early – We have about 4 months before the next fair – plenty of time!

Ask Everyone - We will be asking everyone to participate in one way or another. Realize this is important to the church and be a planner, be a team leader, volunteer your time at the fair, or at the very least make a donation to support the effort.

Develop New Ideas – If you have an idea, we'd love to hear it. Come prepared to tell us how you can help make it happen.

Divide the Planning – Cindy cannot do it alone – she's a busy minister, counselor, healer, and has the workings of the church to keep her busy! Patrick and the office staff can help but they are also busy with the workings of the church. This is the time for people to step-up and take a small portion of the planning. Ask what we need if you don't know what you'd be best doing.

Find Team Leaders – We will be asking people to lead a group of workers, get a task planned and executed, and be responsible for the result. ***We're EXCITED about approaching the fairs with new energy. You can be excited too! Contact Bonnie, Cindy, or Patrick if you would like to help.***

New Members

We are always so excited when people are guided by their hearts to join our Church family. Welcome....

May God's love bless each of these in their hearts desires, and may our Inner Quest Family continue to blossom in miraculous ways! **Yea God!**

IQ BOOK CLUB UPDATE

Bonnie Westbrook, reporting

The IQ Book club met on May 21 and the turnout was impressive! Several decisions were made about the future of the group. We plan on meeting every 6 weeks for fellowship and discussion, so the meetings for the rest of the year are tentatively planned for:

August 13
September 17
October 29
December 10

Currently we meet after church at noon. Meetings are limited to one hour – bring your own snack if you need one. And each meeting will be chaired by a different person who will select the next book for the group to tackle.

We just read, The Game of Life and How to Play It, and our next book is the Richest Man in Babylon, which we will be discussing in our August meeting. These meetings are open to anyone. **Always looking for new members!**

Men's Breakfast is July 10! Since many of our guys will be traveling over the July 4th weekend, we will be moving our monthly meeting to the second Monday for the month of July.

And we are tweaking the format a little. We will still have awesome food and fellowship, however, each meeting will have a theme about some spiritual or metaphysical experience for discussion. We want to gain a deeper understanding of how to use our beliefs in the mundane details. Mark your calendars!

RoHun Therapy

RoHun is a fabulous healing technique, and one of the most transformative ones I have used! Each session is 2 hours long and is designed to clear the blocks that you can not see. If you knew what was wrong, you would have already healed it.

RoHun allows us to move deeply into your subconscious and spiritual mind to access the thoughts and beliefs that are creating blocks in your current reality.

After many years of offering RoHun Therapy, we are finding that it is time to increase our price. A healing will now be \$180 for each two hour session. The three session series will be \$540. We have kept our prices down for as long as we could, but now we need to change.

RoHun is not for every day; but it is for everyone!

“The World supports my Truth!”

Realizing Spiritual Truth!

As Metaphysical Christians, we are always being challenged to find the relative truth underlying the affairs in our personal lives and in the world around us. Once we can see the belief we are holding that is creating a situation, we can change it! But to do this, we must be aware of the immense power we must have within to have creative control over our circumstances. As we choose love, we must become love. Then love will be reflected in all we see. As we choose success, we must become success. Then success is inherent in all of our endeavors! See, it’s all about us! We must become the light we seek to experience.

In July, we will be refocusing on the immense power that we each have as a child of God. We will remember the God energy and then seek to express that energy in all we do.

Then in August, we will explore how God moves through our desires even when we are asleep to the Divine interaction! We are very pleased to welcome David Fuller, Jason Giuliano and Kristin Quarles to assist in sharing stories that all can relate to! You won’t want to miss any of these services!

It is time for the Children of God to shine! Join us as we polish our awareness and amp up the light.

One soul can help the whole world.

You say, “I want to do some work. Use me, here I am!”

But, my child, you don’t need to come to us to offer yourself.

The service is here beside you, and waiting in your own heart every day.

The greatest service that anyone can give is continually to think aright-continually to send forth love, to forgive.

The Quiet Mind by White Eagle

Sunday Service “Blessed Are”– June 11, 2017

Jesus gave us these blessings and woes for our church today!

Blessed are those that seek God’s counsel daily,
for they will be advised in every detail.

Blessed are those who return to love,
for their kingdom will be built in joy.

Blessed is the man who is unappreciated in his work,
for he will find the true value within himself.

Blessed is the man who pauses to breathe,
for he fills himself up with the Spirit of God.

Woe to you who seek to create what another has in
wealth & status,
you will never find contentment living another’s
dream.

Woe to you who cannot forgive your mistakes,
for as long as you look at it, you live in it.

Woe to you who dream of better times, but live in fear
for you will languish in the longing.

Woe to you who build another’s kingdom –
never realizing you could have your own.

Membership is Easy

Often you will hear us ask on
Sundays if anyone is guided to join.

And afterward people will ask, what is
involved in joining the church? Well,
membership is so easy; and ***it’s important.***

All you have to do is decide that your energy is in
harmony with what you see, hear, feel, and do here at Inner
Quest. You make the conscious decision that investing
your energies with ours feels like home. When you do this,
your efforts in all of life will bless our church family– and
our efforts will bless you. And as a community, a family,
our impact is so much greater than that of any individual.

***We join to synergistically produce that exponential effect
to lift the consciousness of mankind.***

So, if you are guided to join, you fill out a form
which gives us contact information for you. We will invite
you to stand up to be welcomed in on a Sunday morning,
so everyone can meet you and know that you are joining
your heart with ours.

Remember, your Spirit is the true reason you are
here on this Earth. Feed your Spirit and find your purpose!
Join us, and let the awesome journey unfold!

Power in expressing and releasing

All of nature is thought expressing as form. There is great power in expressing thought in form. Nature also has the power to express without opinion, judgement or expectation. Just as there is power in the expression, there is also power in releasing form back to the One.

As humans, we, too, have the power to bring our thoughts and dreams into expression. We give away our power, however, when we attach to our thoughts and the forms. When we attach to our thoughts, they lead to perspective, expectation and judgement. It's when form does not reflect our perspective and expectations that causes our greatest grief, sorrow, regret and consternation.

Nature shows us that there is power in bringing thought into form. She also shows us that there is power in releasing the thoughts and the form back to the One without opinion, judgement or regret. *Katy McManus*

Spiritual Definitions:

Attitude- Prevailing Emotions and Thoughts of how things need to be. This is where your Will is comfortable.

Seeds

Before, I dream of tomorrows
That have not yet become today's
I wonder which seeds, joys or sorrows
Were past planted, took root, and might stay.

Did I sow those seeds in better times
In dreams, and trust, and bliss
Or buried my essence with darker thoughts
And with faithless heart, insist.

One day, each seed in the heart blooms
Called forth and nurtured by breath
Revealed in their truth, they demand
A life before their own death.

Today, I choose a new dream
Scatter fresh seeds to sacred ground
In a fertile heart of hopefulness
And await a great joy to abound.

So bring on the rain of my gladness
To wash from me stains of all doubt
For my dreams today call forth Beauty
Letting this Love in my heart ring out.

Recommitment – Rekindling our Light

I have been a member of Inner Quest for a little over 2 years. In that time I have found the place where I belong. I have grown spiritually and made a number of good friends. I have also come to feel very proud of our church. The number of members who attended our recent congregational meeting disappointed me. At the same time, I was moved by the passion of those who did attend. As I left the meeting, I knew that I wanted the light of our church to shine brighter and reflect the passion I saw at that meeting. Our church is only as good as our commitment and passion. I know that there are others who would benefit from what we offer.

I shared with Patrick my feelings about the meeting and we discussed how we could make the light of our church shine brighter. There are two ways that the light will shine brighter. The first is a recommitment from all of us to grow our church and to share the wonderful message that it brings to us. The second is to put the message out to the universe that we want our church to grow and the light to shine brighter. I created a plan of action that I have shared with Cindy and Patrick. The plan has a number of ideas but the number one way that all church congregations grow is through existing members bringing new people to our church.

My plan starts with a committee whose goal is to create and implement programs to attract new members to our church. I will volunteer my time to be a member of the committee and would welcome anyone who has an interest in being a part of this endeavor. I realize that everyone is busy with work, family, and more. I am just asking for an hour or two each month to work on this important project. We have 6 months left in 2017. If we start now, we can be well on our way by the end of the end of the year. If spirit moves you to be a part of this project, I welcome you and thank you. I know that we create with our thoughts. We will put this plan out to the universe. The universe will manifest it in the right time and with the right results. I know that things will happen, as they should. Thank you for everything each of you does for our church. Yea God!

Chris Bullard

New Pathway

Is now here! Many thanks to all who donated to make this happen! We are so grateful for your contributions in making our path stable and solid! As a church, we were able to raise most of the necessary funds! The generous outpouring of energy was amazing!

Now, as you walk in to church, please send your love to this new foundation that will bless us all and the world!

Grateful for My Healing Church Family

Every day seems to be packed with new learning experiences for me. As a healer, I am intimately aware of the power of Spirit flowing into my clients. I have seen miracles occur on the healing table, and I have always attributed this miraculous energy shift to God. I, myself, could always get on the table and call forth the angels and reiki masters to work on me whenever I needed. I knew the power of God's love as it moved through my body. However, I had more to learn.

Over the past month, I had the karmic experience of dealing with the traditional medical profession. And, as a result, I found myself literally fighting for my life on three different occasions. My body went into shock over the procedure and I had allergic reactions to the medications. This was nothing like the healings I had ever facilitated. As I was laying on my healing table, my body desperately fighting, I could not feel the energy of the color coming into my field. I couldn't feel the angels, I couldn't feel Jesus Christ with me, I couldn't feel any of the spiritual healing that was all around me. I could see them, but I could not feel that healing love. The only thing that could penetrate my struggle was Patrick's hand as he reiki'd my heart. The human touch delivering healing energy was the only thing I could feel at a time when my energy field was completely engaged in survival.

This occurred again and again, until I finally realized the immense value of the human channel. When our bodies are fighting for their lives, they are not receptive to the spiritual energies. But the human touch of another can penetrate this battle zone and fill the physical cells with God's love.

When the energies of assault gathered again and Patrick was not there, I called a friend who was a nurse. She came to my house and held my hand. The love was immense and I let it in. My heart broke and I cried. I let all the karma go— all the struggle with the medical world, and I was finally able to feel God again. Never before was it so apparent to me that the human channel is so important for healing to occur in a body that is struggling.

I dearly love all of my healing angels that work through me, but I also have a new love, respect and understanding for the human healers. To you I say, never doubt that you are needed. Never doubt that you are loved. You may well be the instrument of another soul's survival.

Love, Cindy

Healing Night- New Opportunities

NOW, you will be able to RESERVE your healing time before Healing Night! Usually, people who come on healing night receive their healing on an "as available basis". This would some times require that people would have to wait a while before they got their time on the healing table.

Now, we are opening up to allow those who are interested to reserve a specific healing time! This will allow you to plan your evening around your healing!

Our times are 6:00, 6:20, 6:40 or
7:00, 7:20, 7:40 or
8:00, 8:20, 8:40

All you have to do is call the office, reserve your time, and then arrive ten minutes before your session. If you are not on the premises ten minutes before your scheduled time, your table would be given to someone else who is waiting.

So, healings will be done by either appointment or by walk-in as usual! Call today to schedule!

Metaphysical Study Classes-2018

In January, we will be offering our Spiritual Foundational Classes that provide deep understanding and ownership of Metaphysical Principles. These are Higher Educational classes that allow each student to make metaphysics a reality in their world.

Metaphysics I is the foundational class in our program. You will learn about the energy concepts of Christianity and God. We study the basic principles that allow us to understand how we, as co-creators with God, can begin to take responsibility for our lives. This is a very important series.

Many people have said that these classes help them understand our Sunday Services at an even higher level.

For those of you who have already completed Metaphysics, we will also be offering the **Aquarian Gospel** series. This is a study of the Aquarian at an energy level. It helps you open your heart to achieve even greater.

And, if any of you who have completed this series are ready, we will offer the **Metaphysical Study of the New Testament**.

Go within and see if this program is for you!
Starting January 6, 2018- the first classes

Metaphysics I	Rev Cindy Fuller & Rev Cheryl Provence
Aquarian I	Rev Patrick Abent
New Testament	Rev Charmayne Scruggs

Dates: Jan 6-Feb 10 9:30am-12pm
These classes are six weeks long and cost \$150 for the series.

Meta, Aquarian and NT, II, III and IV will be offered throughout the year.

A New Season

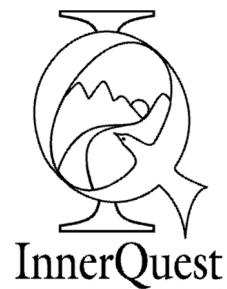

Seems seasons have a subtle force
Revealing what's to come
Ever changing patterns
Foretelling what's begun

Creation expresses the love of God
Newness fills the ethers
It's up to us to let go
Accepting what's made clear

Allowing now our heart to guide
A new path lies before us
Can we hold this vision
To rise above the dust

Into a world that's filled with light
Where beauty is the norm
Celestial harmony weaves its song
Creation takes new form

Peace,
Patrick
