Congregational Meeting

We recently had our Congregational Meeting live and streaming, and the energy was awesome. You could truly feel the energy of group consciousness creating a metaphysical community! We could all feel the gratitude for how God had continued to supply us during these months of isolation and confinement. We, of course, are looking forward to once again being able to meet and worship without concern! Until then, some of the main points discussed were:

*Gratitude for the financial blessings that sustained us in miraculous ways.

*We will be hosting Inner Quest Fest on October 10 with all of the Covid Restrictions in place.

*We will be having our annual Christmas Eve Candlelighting Service outside this year. We are making plans to have some heating available, and some hot drinks. But we will have an OUTDOOR CANDLELIGHTING SERVICE 2020! This way everyone can come, stay social distanced, sing and shine their lights as the Christ!

*Tuesday Nights will have more of a social distance component.

We are so very grateful to all of our members for continuing to hold us in the light, continuing to contribute financially, and continuing to Be and Live as a Child of God!

Inner Quest Fest! October 10, 2020

With all that has been going on in the world, we are so very excited about hosting our semi-annual festival! We realize that many details may have to be considered due to the prevailing “mandates” of the day, however, it is our intention to gather and enjoy “Like Minded People” as we create an energy of God’s love on Earth.

We would love to offer readings and healings– even if masks and social distancing is still required.

We will be inviting vendors to join us in providing wonderful gifts for purchase. And we will be offering food items, handled with love and safety procedures. We would love to have everyone come out and celebrate life with us. As we gather and join our hearts in forward motion of God’s love, we can create a space of light and healing for the world. In our newsletter, we share how you can volunteer to help make this day a day of renewal.

It is our prayer that all we do bless the world and that healing can occur in our human consciousness. Let there be light! Let the Love of God Flow into the Hearts of All!

God is in Charge and our World is Light!

Fulfillment

Sep 13	Finding Meaning in Life	Cindy Fuller
Sep 20	Soul Fulfillment	Cindy Fuller
Sep 27	The Joy of the Journey	Patrick Abent

“God fills all of my Desires and More!”

Living a life of fulfillment is everyone's dream, but it is not easily accomplished. With all of the challenges that appear to distract us and take us off of our path to our desires, we are constantly confronting issues that feel like struggle. From a higher vantage point, we can see that we are only dealing with the ideas we hold that will keep us from achieving our goals as well as our centered sense of being.

During September, we will discuss how we can consciously keep our focus on the “joy of the journey” instead of letting the challenges become greater than our desires. Jesus said that the Father knows your needs before you ask and only waits for you to ask. Join us as we explore how to stay focused on God's love moving through the details.

Brotherhood

Oct 18	Brotherhood without Sacrifice	Cheryl Provence
Oct 25	The One in the Many	Patrick Abent

“I Walk in the Brotherhood of Light!”

October begins our time of fall and reflection. After moving through a most unusual summer, we are all now ready to decide how we want to go forward in our world. Are the problems of the world also ours? Are we able to assist in a way that doesn't take us off of our own personal journey? How do we want to go forward in harmony with all the unique individuals around us?

Jesus was very specific about the need to love one another. He actually gave that as a new commandment before he left. How can we love one another as we all grow in our journey home to God awareness? Are we strong enough to be one of those that can enhance Group consciousness just by our vibrations of love? Join us for this series on Brotherhood!

*“One of the first lessons of an aspirant, one of the points of brotherhood, is to overcome egotism;
then the flowers of the spirit bloom
and you have your saint. A saint is human, is understanding;
a saint is able to enter into all the feelings, the joys,
and the sorrows of another. A saint is all love.”*

New Office Assistant Needed

We have been so blessed having Carrie Jones work for our church this past year! Her talents and love of the church are amazing. At this time, however, she is being asked to take a new path in her personal life that will not allow her to continue to serve us in the way she has done. She will continue to assist when she can, however, she must now pass her desk on to another.

So, if you know of anyone who would be interested in working in an office capacity for us, please let them know. It is a four day a week job. Hours are 9:30-4:30 ish.... We will begin interviewing soon.

Please hold this in your prayers. Thanks everyone.

Inner Quest Turns Thirty Years Old

When Inner Quest was started in 1990, I had no idea what God had in mind for this little church, school and healing center. Since that time, we have seen thousands of people heal their lives and souls within our walls. We have been blessed beyond our abilities to understand and have been used as a channel of God's love in so many ways. Think of one of your favorite memories of Inner Quest and email it to us! We would love to populate our next newsletter with your stories! Blessings to all!

InnerQuest Fest Registration: Prepaid reservations will begin on October 1.

You can call to book your sessions or make your plans in person anytime you are in the church.

Tuesday Nights, 7:30pm-9:00pm

Tuesday evenings are set aside for the purpose of touching the presence of God within our hearts.

Time to take charge of our own energies and learn a deeper communion with the world around us!

In September, we will be learning about our own energy fields and how we can clear, enhance and direct the energy we are. Join us in learning how to connect with the Divine and align with the greater light!

Then in October, we are focusing on how to connect with nature. We all need to create an open dialogue with the world around us. The trees, plants, animals and nature spirits all have a supportive connection to our realities! This month we will learn to “read” the subtle energies that are all around us.

As with each Tuesday Night, we will open with our Healing Circle— which we have been doing for 30 years. If you are unable to make it, you can call in, or email your prayer requests or place them in the basket while you are here on Sunday. Each prayer is prayed over for 30 days, and individually blessed before releasing.

The results of God's love moving through each situation is amazing!

Readers and Healers

If you would like to read or offer your healing services, sessions are scheduled in two hour segments. Much of the activity will be outside this year

No Reiki Night in October

Since we will be having our festival, we will not be hosting our monthly Reiki Night. Be sure to come during the day and receive your Reiki or other healing session!

Thoughts of the Ministers

Trusting Love

“Fear not– I am with you always.” What comfort these words from Jesus afford. This simple yet profound truth is foundational in our walk as Metaphysical Christians.

These words remind us who we are, and that we are always loved. We are the sons and daughters of God and we have come to walk the planet as Love. When Jesus said, “Follows Me” it was to live as he lived, always knowing he was God’s beloved son. It is in the living of this truth, it becomes our truth, and we can truly become the gift we came to be.

This process is to simply “trust love”. In the past we may have allowed ourselves to be labeled or defined by an outer experience or situation, heck, we even did it to ourselves. We have also labeled and defined other using this same criteria—which is not the whole truth. It is our understanding that we learn from experience—we aren’t the experience. We created it– to learn, grow, and transcend a limited belief we hold about our self, life and others. We have learned that its not the part we play—its how we play it.

Being awake to our truth, I am Love, allows us to transcend the limitation of matter. We can truly begin to see with the eyes of Spirit—beyond the physical—the bigger picture. We can now operate or function at the causal level and truly effect change. As we lift we lift the whole.

As we find ourselves in our current situation being bombarded with all sorts of “opinions” this is the time to go within. When we seek from within we open the door to true understanding—not opinion.

As we ask we will receive! Clarity, guidance and steps for us to take in our personal journey will be revealed. With this knowing, we can now exercise our right to choose what is best for us.

We have to remember that we have the right to choose how we participate in life, and that others have this same right. We are all at different levels of Consciousness– each perfect for the individual– ours is not to judge. Ours is to be true to self and recognize that in being the best we can be we can bring out the best in others.

When we choose to “trust love” our world will change. We will move from Me to We, able to glimpse oneness. With an understanding of oneness we can move into acceptance. To trust love to guide us, will free us from fear. When one is healed, all are healed– what a wonderful gift.

Peace, Patrick

Forward Motion in These Times

As we find ourselves moving into Autumn, by nature, we are all ready for a new relationship with the world. In normal times, we would be getting ready for football, long walks in the cool air, and awesome holiday gatherings. But now we find ourselves watching! We are waiting to see what the next wave of energy will bring.

Nature is being nature. And we should be us. Even if the world is calling for caution and extreme measures, we can still live in our own beliefs as Children of God. Wear a mask, if needed, but send love to the people around you, because that’s what YOU DO! Social distance if needed, but remember to honor and respect your space and the space of others. Don’t comply with these restrictions out of fear. Comply because the situation is requesting it. Outer conditions may be asking us for caution, but we don’t have to allow fear to interrupt our soul’s journey.

This Fall, let’s get out there! Be You. If there is no football, you can watch the trees turn colors. Create something that represents your love of life. And, please find people to hug. It has been way too long! You can send a hug via text. You can mail a card with a hug inside. There are so many ways to connect with those you love. We need each other right now. We need to feel that we are all Choosing God and we are Trusting God’s forward motion.

In a play in the Old Testament, God told Job to: *Get your clothes on and make your self beautiful. Then I will know that you have saved yourself by your own hand.* The author is showing us our part to play in demonstrating God’s Love on earth.

It’s time to put on our true identity– Child of God. Then it will be easy to wear our beauty and radiance. And then we need to step out into the world that God has given us. Our lights need to shine brightly as we move through the latter half of 2020.

This is a world that will reflect the prevailing beliefs of the children of God. As we live our beliefs, we can become the sparkling lights that breathe hope, love and inspiration to the whole.

Football or no football– that is an unheard of choice in our culture. But not shining my light is not a choice! Time to celebrate the life we have been given. This is God’s world. Celebrate the morning Sun, the stars, the wonders of nature, the laugh of a friend, the words of a teacher, and the hug of those who love you.

I am sending the Biggest Hug to you all!
My Love to all,
Cindy

Live your Life! Walk as Love! Become aware of your Eternal Nature!

At Peace

**The beauty of the morning Sun
Reveals the gift at hand
The breath of God expressing
Creation oh so grand**

**Harmony sustains the life
We choose to partake of
No such thing as idle days
Just ever flowing love**

**The push and pull of struggle
Saps the sweetness of life
Think about your choices
A carousel of voices**

**The still small voice, within our heart
Can free us from the mind
And guide us through the maze of life
To Be—Not be Defined**

**Peace,
Patrick**
