The Most Wonderful Season of the Year– The Celebration of the Christ!

As you know, we always support Children from the Cherokee County DFCS, and this year we have 9 children. We receive a list of what they want and need and we prepare slips so you can select a gift to give. (Some of the gifts requested were underwear and socks!) No sooner had we put out the requests than they were all gone! Your generosity toward these children is overwhelming. I am so grateful for all of your love. I know these children will feel it when they open their Christmas Presents! If you took a gift, be sure to have these back to us by December 6-wrapped, tagged and ready to be delivered.

Christmas Party in the Bookstore– December 3. Join us for fun, snacks, and extremely generous discounts on all inventory. Patrick is dealing!

Candlelighting on Christmas Eve is always a beautiful night when you can feel the energies of heaven and earth become one. As we all light our candles acknowledging that we are the Children of God, the connection is amazing. And this year, Christmas is on a Sunday morning! We will, of course, have our Sunday Service celebrating Jesus Christ and His love. There will be lots of singing and connecting with our own Inner Christs!

Burning Bowl on Saturday, December 31 is our last Event of the year. We will accept the blessings of 2022, release what we are complete with, and set new desires for 2023. This is beautiful ceremony to set your heart for the coming year.

This December, join your Church Family to celebrate our Connection to God and to Jesus Christ!

2022– Our Turkey Pot Luck Celebration! Comments from our Congregation

“Hi All- This potluck was my first as an Inner Quest participant. What a marvelous array of dishes and desserts! Everything that I chose to place on my plate was totally enjoyed. I felt the love that went into the process of creating these dishes. Thank you to all who shared this time, space, and energy—I so appreciate it!

Anyone who knows the best way to share this sentiment with the guys—I appreciate them too!

I believe I had three different kinds of turkey”. Page Featherstun

“On Nov 6th Inner Quest held a potluck luncheon after service in celebration of our 32 years. The food served included turkey prepared in a variety of ways by several from the men’s group, a variety of sides prepared and brought by several from the women’s group, and a number of different desserts brought by other attendees. Types of turkey included “trash can”, oven, baked, fried, spicy, and traditional with the cooks special seasonings. Side dishes included salad, vegetables, strange and delicious concoctions, and even roasted whole ear corn and jalapeno poppers right off the grill.

The fellowship was outstanding, appreciated, and enjoyed as I overfilled my stomach for the day. It was a wonderful afternoon and I can’t wait to do it again.” Jim Scruggs

“Gift of the Christ awakens within me, today!”

Christmas is the Celebration of Jesus who reawakened the awareness of the Christ within us all! Mankind had completely sunk into the vibration of survival on the Earth plane and had a relationship with a God that was very far away. The cellular memory of the harsh reality here had left the entire race feeling abandoned. Many hoped and could sometimes feel a greater light, but that celestial connection needed to be permanently established. Jesus, through his life and love was able to imbue human consciousness with the necessary bridge that would connect them with God-right here -right now. All they had to do was open to that energy he brought. And we have! We have felt our oneness with God, and His ever Present Energy of Love. And we have done this through the bridge of higher light that Jesus Christ Brought. He opened our hearts and we found our connection with his. We found home. We found Home in the Heart of God.

Join us this December as we look at the amazing vibration of pure God love that Jesus brought at his birth!

In the silence, in the innermost silence of the soul, man becomes aware of the birth of the Christ child.

*In the silence, with the Star shining from above,
and the angel choirs singing their song of love, peace and goodwill,
the Child in everyone stirs.*

We are very excited to be offering our Psychic Development II class during 2023. This class will take you to the next level in your abilities to “read” the energies of another.

As with our Psychic Dev I, we will be doing this class in an intensive series.

Class 1 will be Thursday Jan 19 7-9:30pm

Class 2 will be Monday Jan 23 7-9:30pm

Class 3 will be Thursday Jan 26 7-9:30pm

Class 4 will be Monday Jan 30 7-9:30pm

Class 5 will be Thursday Feb 2 7-9:30pm

Class 6 will be Thursday Feb 9 7-9:30pm

We will be doing all six classes over a period of three weeks. This will keep you in the flow of the heightened energies to help you assimilate easily.

Here are a few of the techniques you will learn: Body Scans which enable you to see how the body is vibrating and what it might need for greater health.

Past Life Readings-Sometimes the causes of current experiences are found in the actions of the past. Through these realizations, healing can occur.

Angel Readings-Knowing your angels and their gifts can help stabilize your clients lives.

Picture Readings-This connection allows greater insight into the details of a reading.

Phone Readings-learn to connect in an easy way to ensure guidance.

Psychic Dev I is a pre-requisite!

Tuesday Nights

The Hz frequencies stimulate the body to heal. 528 is the Heart Chakra and the healer of the entire body. Come to meditate in this vibrational energy.

Dec 13- **Santa Meditation** Our annual meditation of connecting with someone in the Atlanta area that could use some spiritual strength and faith support. Everyone can share their love!

Dec 20- **Christmas Angel Healing**— The Christmas Angels bring a celestial energy of realigning our spirits into oneness with God. Allow your Higher Self to be quickened to the Christ light in you.

Dec 27- **Meditation for the World 2023** We will join our hearts to create a new vibration for our global energies for 2023. The earth needs our love.

Tuesday evenings are set aside for the purpose of touching the presence of God within our hearts.

It's Christmas!

Christmas brings that magical energy when we realize that we can all open up to receive all of the love God has for us. Even as our children believe in Santa Claus, we too, know that we are constantly being gifted by the Universe. Our desires are being fulfilled whenever we are able to open and allow ourselves to receive.

During our Tuesday Nights in December, we will be attuning with the Christmas Angels and aligning our frequencies so that we are open channels of gifting the world and receiving gifts as well. We will allow the weekly energies to take us into a "higher light" so that we can actually walk as the Christ.

So, thank you Santa for reminding us that there is always magic in the love of God.

Join us as we create a collective space of sparkling God love— with-in and without!

Christmas Magic!

Hola familia espiritual y amigos:

Hoy quiero hablarles acerca de una palabra que ha llegado a mi vida últimamente y que resuena mucho con lo que estamos viviendo en el mundo de hoy y que me pregunto **¿cuál es tu milagro?** Contemplo lo que ha ocurrido este año en el mundo, en mi vida y en la vida de muchas personas a mi alrededor y me digo y **¿dónde está ese milagro?** Solo vemos noticias de baja vibración que inundan nuestra realidad, conflictos de guerras, de egos, de poderes y de todas las experiencias que hacen que desconfiemos de que las cosas mejoraran. **¿cuál milagro pregunto?** hay tanto dolor, tanto desaliento, vemos con pesades un futuro incierto y lleno de mucha dualidad... ugh que desilusión, que desesperanza.

¿A que venimos a encarnar? El espíritu me lleva dulcemente a recordar que vine al planeta tierra por elección, a vivir experiencias que en nuestro cuerpo espiritual no es posible hacer como: el ver, oler, caminar, sentir etc. aun el dolor físico y del alma. son parte de nuestra experiencia de vida terrenal, y que hacen de nuestra existencia algo más emocionante si elegimos verlo desde los ojos del espíritu.

Le pregunto al espíritu; ¿cómo hago para cambiar mi perspectiva de como veo las experiencias mundanas desde baja vibración hacia una más elevada? Me muestran la imagen del libro The Aquarian Gospel of Jesus The Christ. Voy y lo tomo de mi mesa de noche, aleatoriamente abro el libro y pido una respuesta clara la cual encuentro en el capítulo 129 versículo 8" **El camino es Cristo, la puerta es Cristo y tu debes venir por el camino de Cristo, ningún hombre viene a Dios sino es por Cristo...**

WOW que sincronidad de la vida, la navidad es recordar que Jesus, el Cristo vino totalmente conectado a su esencia divina y nos mostró que solo encontrándonos con nuestra divinidad seremos capaces de vencer el mundo terrenal. Querida familia, sé que este año ha sido de demasiada transformación, de pérdida, de dolor, de cambios y hasta de desencanto frente a la vida, pero hoy los invito a reflexionar y a preguntarse **¿Dónde está tu milagro? que detalles de tu vida diaria hacen ese milagro?**

Te invito a vivir este tiempo de navidad en el amor, en el gozo de recordar que todos esos pequeños momentos de nuestro diario vivir, hacen que estemos donde estamos HOY y que desde esta humanidad recordemos que solo el **AMOR** nos llevara a recordar que estamos aquí para vivir experiencias y momentos que nos ayudan a encontrarnos con nuestra esencia y nuestro Padre Madre Amor.

Con Amor....

Luz Adriana

Hello spiritual family and friends,

Today I want to talk to you about a word that has come into my life lately and that resonates a lot with what we are living in the world today and that I wonder **what is your miracle?** I look at what has happened this year in the world, in my life and in the lives of many people around me and I say to myself **where is that miracle?** We only see news of low vibration that floods our reality, conflicts of wars, egos, powers and all the experiences that make us distrust those things will improve **What miracle do I ask?** There is so much pain, so much discouragement, we see with sorrow an uncertain future full of much duality... Ugh what disappointment, what despair.

What do we come to incarnate? The spirit leads me sweetly to remember that I came to planet earth by choice, to live experiences that in our spiritual body it is not possible to do such as: seeing, smelling, walking, feeling etc. even physical and soul pain. They are part of our earthly life experience, and they make our existence more exciting if we choose to see it through the eyes of the Spirit.

I ask the spirit; How do I change my perspective of how I view worldly experiences from low vibration to higher vibration? They show me the image from the book The Aquarian Gospel of Jesus the Christ. I go and take it from my bedside table, randomly open the book and ask for a clear answer which I find in chapter 129 verse 8 "**The way is Christ, the gate is Christ, and you must come up by the way of Christ, no man comes unto God but by the Christ...**"

WOW that synchronicity of life, Christmas is to remember that Jesus, the Christ came totally connected to his divine essence and showed us that only by encountering our divinity will we be able to overcome the earthly world.

Dear family, I know that this year has been one of too much transformation, loss, pain, changes and even disenchantment in the face of life, but today I invite you to reflect and ask yourselves: **Where is your miracle?** What details of your daily life make that miracle?

I invite you to live this Christmas season in love, in the joy of remembering that all those small moments of our daily life, make us where we are **TODAY** and that from this humanity, we remember that only **LOVE** will lead us to remember that we are here to live experiences and moments that help us to find our essence and our Father Mother Love.

With Love,

Luz Adriana

Thoughts of the Ministers

I Choose

From a place far, far away that is nearer than hands and feet, we come to this planet “to be”. To Be! To manifest the gifts of spirit as our unique God awareness.

The key that unlocks the door for our true journey is remembering. Remembering that our true identity is that we are the creator sons and daughters of God. We’ve come to walk as God’s love made manifest. This thought, this ideal, is realized thru our creations. We all know that we create with thought in this dimension—thoughts held in mind produce like kind. Yes—thinking makes it so. This is the planet of form—man—manifest.

We all have had many journeys of the soul. Our creations have been many, conscious or unconscious, and these have become the fabric of our Soul. Through our evolution of consciousness we begin to see and understand this truth. We can now begin to work with higher law in our manifestation. Choice, with this awareness, will allow us to live in alignment with our true purpose—Love. The process of right thinking will unfold as right living. As we choose to be aware and present in life, our natural state of being will be revealed. Self realization comes from within and is experienced in the outer—God’s love made manifest. Soooooo...

Tis the season to be loving. We celebrate the birth of Jesus the Christ as we honor this true gift he bestowed. His walk truly demonstrated knowing oneness with God—as Father, as Love. Jesus walked among us not above us, and taught that as we dwell within, we will know our oneness with God.

The life of Jesus was a series of simple acts of kindness. His presence of Love transformed and is still transforming today. I think the simple statement of Jesus’ life is to “Say yes to God, say yes to Love”.

Often he would ask “would you be healed?” This would reveal our part to play—that we can choose God, we can choose Love; and in choosing, we open the door of transformation, some might say miracles.

This Christmas season let’s gift ourselves with the power to choose. Let’s choose God, let’s choose Love, and let’s choose to be our unique expression of God love made manifest and reveal the true miracle of life.

Peace,
Patrick

Merry Christmas

The Love of the Season is Amazing! We see it in the eyes of those around us. We feel it in our own hearts. As humans, this is a time when we are allowed to express the love within and we are allowed to acknowledge the love of our Creator.

The Love of God is always with us. We see it in all of the little miracles we experience all of the time. We know that God is always reaching to us, helping and guiding us. But the energy at this time is special.

This year, as we look at the sparkling lights and drink in the warm energies, let me encourage you to let your vision go a little higher. Ask to be able to see the wonder filled energies of the Celestial Realm as it pours out its blessings to all mankind.

When we look with a higher vision, we will be able to see the Christmas Angels, the Celestial Beings of Light and all of the great kingdom of God’s love that constantly assists in our evolution. And because of this great love pouring onto the earth, the veil between heaven and earth becomes very thin.

Not only does this allow for wonderful, fabulous Christmas Miracles, but it also allows a space for your departed loved ones to “ride the energy” down for an earthly visit!

Be open. When you are gathered with your family, or when you are having a quiet moment alone, don’t be surprised if a deceased family member begins to speak with you. If you ask, they can show you signs they are there. They can hug you and fill you with their love. They are showing you that the love you shared on Earth is still there – you are still connected in God’s love.

Metaphysically, we believe that Jesus Christ created a great bridge that connected the human reality with the true reality of the Spiritual State. He connected us on every level with God.

When you feel your departed loved one by your side this Christmas—take a moment to breathe and let your vision go to the energy around you. You will be able to sense their presence more strongly and just above them, you will see the Christmas Angels who guided them through the connection of heaven and earth. And then, become still and you will feel the great love of Jesus Christ.

Take a moment to remember His gift. He was pure love made manifest, Love from our Father Mother God.

My Love to all,
Cindy

The Metaphysics of Christmas

December 11, 2022-

Sunday 7:30pm

Once again, we will be presenting our very own “Metaphysics of Christmas” program. With message and song, you will feel the love of Jesus the Christ and his great gift for mankind!

We will learn about:

The journey of mankind on this planet.

How we got so focused on our individual natures.

How we all came to feel so isolated in our walk.

Then we will see the great love God has for all of His children. Have you ever wondered-

“How did we get here in the first place?”

“Why did God send Jesus, the Christ?”

“Why did we forget our Divinity?”

The journey of man and the Christmas Story is an event honored by the Angels.

Join us for a fun filled evening as we remember the great love that created us and the great love that was given to us in Jesus’ coming. There is magic in the Gift of the Christ!

Mark Your Calendar and bring a friend to share in this evening of Enlightened Fun!
