On Nov 20, we will be turning 35 Years old! This means that we have successfully navigated the changing landscape of this reality with the guidance and love of our Father/Mother God. We are so very grateful that the message and mission of Inner Quest has been so very blessed. We also want to acknowledge and thank everyone who has, at any point, shared their light with us, and there have been sooo many!!!

If you can join us for this celebration, please do!

There will be many types of turkeys and an abundance of side dishes. Some of these turkeys will actually be cooked on the premises. You can sign up to cook a turkey or bring a side. The sign up sheet is in the foyer of the church.

If you just want to come and feast with us, that is what it is all about! Bring your family and plan on staying a while.

Feasting will begin at 12pm. Bring your angel cards to share in mini readings with each other. The children can run and play. It will be a beautiful day for the community to gather and allow our love to create a space of peace and joy.

Sunday Services

November 2025

“God in all Things!”

We have been working on our energy fields and now it is time to understand how our energy fields connect and interact with the Whole. Are we sharing God light? Are we sharing anxiety and worry? Everything we do affects the whole. When we realize that the love of God is in every activity, we can begin to sense the power of God Love in all things. We are God Love expressing. Our reality is sustained by God love. Time to expand our awareness and walk in a conscious, daily awareness of the Creative Life Force that surrounds and guides us in every moment.

God Love Celebrates Us!

The Human and The Divine

Withhold judgment and criticism.

The human way is to judge in haste the actions of others,
but the divine way is to remain quiet and loving.

You are Divine as well as Human and are here on earth,
to learn to manifest Divinity.

The Quiet Mind, by White Eagle

We will be closed November 27 and 28 for the Thanksgiving holiday.

Welcome New Members 2025!

Lily Burrus, Tori and Jason Ceron, Hannah Connor, Elizabeth Lang, Maria Nolan, Cassie Parlotto, Shaye and Nancy Tolbert,

We are so blessed when the Universe brings more of our Spiritual Family to join us! This year we are so happy to have these beautiful lights become official members of our Church Family!

It is our prayer that God richly bless them in all that they do and that they feel the love of their church family supporting their work in the world.

“We see the Christ in them in every moment.”

Metaphysics of Christmas— Dec 14, 2025 at 7:30pm

What is the Metaphysics of Christmas? We are often asked how we are able to “marry” standard Christianity with Metaphysical Thought. WELL... here is the answer!

In our annual presentation, we look at how we got to this Earth, our mission here and how are we doing at this time. This program is absolutely amazing in explaining the energy and Metaphysics behind Jesus’ gift to us.

Our choir is awesome and our story is so informative!

This is a program that we have been doing for over 30 years. Spirit channeled it down and has asked that the information continue to be given each year.

There is a small reception afterwards so you can stay for a while and enjoy your fellow “Light Beings”. Put it on your calendar and bring your family and friends. Everyone will enjoy this performance of love.

**You are not the condition in which you find yourself.
Knowing the difference will make a difference.**

Tuesday Nights 7:30pm- 9:00pm

*Tuesday evenings are set aside for the purpose
of touching the presence of God within our hearts.*

It's November—the World is Changing!

Tuesdays as we come together and share our lights, we create a space of mutual transformation and love. These sessions are always powerful and feed all who are here with a Universal sense of hope and well being. As the world continues to project uncertain paths, you can come and recenter your light—anchoring it in the love of Father/Mother God.

Our Christmas Kids

We love to share our love with the world. This year, we are once again sponsoring children from Cherokee County DFCS. We are always on their contact list due to the generous hearts of our giving people!

This year we will be sponsoring ten children from two families. These kids need the basics as well as some fun stuff. This effort allows these children to feel loved and supported even when their current environment may not look abundant. So, if you would like to help with this gift giving effort, plan to select the child and the gift you want to sponsor. If you are not able to go out yourself, just let us know and we will purchase it and wrap it, and make sure it is included with our piles!

Instructions are in our foyer. This year you are able to wrap all gifts. However, make sure you **return the package tagged with the gift number and name of the child.** All gifts must be returned to the church by Tuesday, December 9th.

Patrick and I are so very grateful for each and every one of you! Remember every little bit helps to make Christmas wonderful for these kids. Yea God!

Inner Quest Turns 35 years old!

November 20, 1990, Inner Quest Church was officially born. We began as a teaching and healing center and became a full service church.

The beginnings of our work was absolutely God guided in every aspect. We had no idea where we were going or how to get there. But we followed the path in complete faith and love.

In 1994, we began publishing our Newsletter that came out 7 times a year. We wanted to keep everyone informed of what was happening and messages that we had been receiving.

We so appreciate everyone who reads these newsletters, especially those, like Lori T. who so look forward to the moment they receive their email. They then carve out a few minutes to relish the energy of God's love that they can feel. (Hi Lori!)

And then those, like Clayton W., who not only reads, but shares freely with family and friends all of the blessings they received from the information. (Hi Clayton!)

Regardless of when or how you read this newsletter, we are very grateful that you do. It keeps us connected in heart, mind and spirit!

The Journey of Life is to know
Oneself,
the Path Begins in the Heart.

Thoughts of the Ministers

Seasons

Seasons are signs of the times. They will give us a heads up and guidance as we begin to acknowledge the true gift they bring.

For the most part, we only look at their outer manifestation and respond or adapt accordingly. This is only the first step in truly acknowledging the changes seasons bring. Now the surface level of anything can be interesting, even inviting, but we all know “there is always more than meets the eye.”

Our journey continues through time.

Spring is often thought of as a wakeup call – after a long winter’s sleep. We look out and see a myriad of new growth on all levels – new and yet, familiar. Now this outer experience is often stimulating our inner being. Perhaps we, too, get the creative bug and begin our own transformation – you may be guided to create a new you.

The energy of summer reveals to us the sustaining essence of nature. Summer seems to just flow and unfold and can bring us a true sense of peace. As we look deeper, summer reveals the reality of divine order. As we relax and surrender into our unique expression we can know true peace.

Now Fall reveals a culmination of the whole of life working together as One. The fruits of the harvest are the bounty of surrender and acceptance to the greater. The Sun and Moon are equal benefactors, and their unseen forces animate much more than we know. As we begin to acknowledge and follow our natural intuition, we will become what we came to be.

Winter, a time of Rest. All life retreats within to the heart of the mother. It is a time to truly connect with this aspect of life on planet earth. The peace of a winter’s night feeds our soul more than we know.

“Peace to those who go within.”

What we see is not all we get. We are multi-dimensional beings with the capacity and potential to experience, and to truly live the life we were born to live.

Perhaps the life we seek in the physical is beyond the physical.

Seasons are only aspects of the one Season – the continual flow of God’s love and light being manifest.

Our uniqueness is God’s uniqueness.

Peace,
Patrick

The Soul

In 2003, Dr Rocco Errico came to Inner Quest to share his wealth of knowledge with us. Dr Errico is an Aramaic scholar and has a deep understanding of the Aramaic language, the idioms and also the culture of the times. When he was asked about the nature of the Soul, and how it was really seen through the perspective of the people of Jesus’ time, he shared these ideas.

The Soul actually has four phases.

1. Being
2. Self
3. Life
4. Soul

The first phase of Being is when we are in the original state of oneness with God. This can encompass all of our thoughts of creation and our relationship with Creator.

The second phase of Self is all about the moment we became aware that we were an individual expression of God. We have a sense of becoming aware of our own unique self. We have feelings, perceptions, concepts outside of our oneness with creator. We become.

The third phase of Life is the phase when we begin to interact with the creation. We see ourselves in relationship to others. We learn to create our desires and dreams. We experience the results of our creations in the world and with others like us. We learn of the power of love, force and value.

The fourth phase of Soul is when we become aware that the rich texture of experiences has enhanced our essence. We are now the same, yet different. We have expanded our awareness, enhanced our abilities, and enriched our value as a child of God.

Through these four phases, we become the Master. We master the energies of this reality and take our beautiful Soul awareness back into the oneness with God.

We can see all of these phases in the life of each person on planet Earth. From the Baby of Being, to the Self of awareness, to the Life of creating and interacting and finally to the energy of Soul– we are now able to look back at all of the life journey and see the beautiful energies that were shared to increase the love in this world.

And we return to Father/Mother God, our creator, shining our lights in joy. There we hear, “Well done, my Amazing Child of Love”!

Live like it matters, cause it does!

My Love to all,
