Crystals for 2026 through 2027

When we were crystal shopping recently, Spirit said very clearly– everyone will need two crystals for the remainder of 2026 through all of 2027. Lapis Lazuli and Pyrite.

Lapis Lazuli– this stone is the "stone of heaven" as it creates spiritual enlightenment and inner truth by opening and connecting the third eye and the crown chakras. This also stimulated the throat chakra so that speech is clear and honest.

Physically it supports the immune system, promotes mental clarity and due to the enlightened state– it allows emotions to balance and stress to abate. You will become a radiation of Higher Truth.

Pyrite–this is a fabulous stone for protection from the outside world. It stimulates your solar plexus, strengthens your personal will and enhances your sense of determination. Pyrite keeps you on track

with your goals. It is also called a stone of manifestation because of this focused energy. Pyrite "gets you going" and protects you as you move!

As I researched these two, I was amazed at the message from spirit. We need to get our "enlightenment" opened and we need to have protection as we are propelled to reach that next level in our lives!

Pyrite and Lapis– I was also surprised to discover that the gold specs that appear in some pieces of Lapis are actually flecks of Pyrite! These grow together! What an awesome team to guide, protect and propel us!

We currently have small lapis pieces, and small pyrite pieces that can fit in your pocket. We also have some beautiful pyrite necklaces. Spirit guides, we provide!

**God's Love
Flows
Through Us!**

2026 – This is God’s World!

The more we realize that we are Energy Beings, the more we will be able to see that underneath every occurrence and circumstance of our lives, we are co-creating our experiences with God. Even Jesus was aware of this human component and wanted to understand the heavy load that humanity carried regarding “things” in this reality.

He touched this, he immediately overcame because his eyes were on God! Spiritual energy creates all.

Sunday Services for September 2026

In Sept we will be exploring the Desert Experience that Jesus went through prior to beginning his work with his own people. After much training and being acknowledged as the Christ by the sages of the world, he still felt the need to clear any blocks that might occur as he navigated this earth and all of its “concepts” of what is valued.

God’s Wisdom

“It is easy, on looking back, when you know how things have worked out, for you to say, “How could I doubt?” But it is now, while the working out is in process, that you have to give your confidence to the divine wisdom guiding your life.

When you have experienced, when you have tasted the fruits spread on the heavenly table, you will see that nothing could have been altered.

If you had your will, you would create great confusion and suffering for yourself, but God’s compassion protects you.”

Each week builds on the next.

In October, we will be playing and expanding! Our first week will be fun and clarifying. Then we will begin our study of Edwene Gaines’s book, “The Four Spiritual Laws of Prosperity.” We will finish this study in November.

October–Clarity and Prosperity

- Oct 13 **A Fool’s Journey** Tonight Peggy Mills will teach us how the “fool” in the Tarot represents all of us in our journey of life. She will lead us in a fun exercise of “simple questions” and “simple answers.”
- Oct 20 **Edwene Gaines– Prosperity Law #1** The Law of Tithing. Edwene cites this agreement with God as the true path of spiritual connection in manifestation..
- Oct 27 **Edwene Gaines– Prosperity Law #2** Goal Setting. We must be able to view an expected experience with conscious choice instead of waiting to see what the world will bring.

.Join us if you can. It is time for our expansion into Greater Love Expressing!

If you are unable to make it, you can call in, or email your prayer requests or place them in the basket while you are here on Sundays. Thoughts of the Ministers

To Love is Divine

“Love one another even as I have loved you.” This is a powerful and empowering directive that Jesus lived and asked us to follow.

The teachings of Jesus are simple – have we confused the issue? Jesus was lifting us into a higher awareness and experience of “Divine Love” so that we could begin to understand the wholeness of life. The love Jesus was revealing was spiritual love, unlimited in its nature. Creator and the Created.

God is love, and life is the love of God made manifest. “To be perfect even as our Father in heaven is perfect,” is to accept our identity as Divine Love. This revelation was truly revolutionary for the people of his time, as well as it is now.

Could Jesus’ directive have simply been to acknowledge and accept one another as the children of God? To live the life you were born to live in this consciousness empowers true transformation. The unfolding and expressing of our divine nature-love-can be our living experience of the undefinable God we all seek to know.

Now, from a spiritual perspective, our life will take on a whole new light – literally.

We can now be guided by Spirit and begin to understand and transcend the human condition. Past patterns, experiences, people, even identity can now be seen in a new light. These were all integral in our souls journey. They brought us to now.

Fate is a word often used to label the human condition. Reincarnation and karma have been our teachers by default – or is that our fault?

Is it time to let go of limitation and separation? To be in the world, but not of the world? Is it time to accept our destiny as God’s love made manifest? Transformation begins within. Our letting go the old and living the now is why we are here. Let’s replace the idea of Fate with the idea of Spiritual Opportunities!

“No man cometh unto the Father but thru Me”. Jesus was and is the Love of God Made Manifest, a living, breathing Being of Divine Love.

It’s our living love that brings us into the conscious union with God, conscious union with the whole.

There is no greater aim than for us to Man I Fest our truth– Divine Love.

Peace,
Patrick

We are a working Church!

During the week, we offer healing sessions, counseling's and readings. Reiki, Reiki Initiations, Inner Light, Color, and Crystal Sound are some of the healings available. Call and schedule your appointment today!

Dear “Young” Metaphysical Healers, Readers and Practitioners-

I want to begin by telling you how proud I am of each one of you and your chosen journey. I know the dedication that is required to walk the path of learning that leads to the path of Sharing! And I know that many of you will think that the tough road is behind you now, and this is true. But a road filled with current challenges and current relevance lies before you.

So, in no particular order, let me advise-

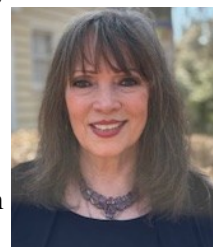

When you feel as if you need to defend your position with anyone, especially another healer– please look down. You will inevitably see one foot on your path and one foot on theirs. Very gently get both of your feet on your path and look up at the road ahead. No one has traveled your road– that is for you to do. Don’t defend, pretend agreement or seek to pull them onto your path. Again, they have their path and you have yours. God needs you all to follow and share the uniqueness of your lights.

There will come moments when a friend or confidant no longer sees the world as you do and they will begin to say things that diminish your light. Or they simply leave, taking your love and light with them. This is a very challenging moment because your world revolves around love and there is no space in your consciousness that supports you not loving them anymore. Because you love. And this hurts. When this occurs, and it will, allow yourself to look at your own feet. Examine the path they are on and realize it is yours. Your friends could no longer match the energies and were repelled as a result. Do not blame them, but do not allow your love to diminish. Call back all of your energy from them and the situation and take it back into your soul. Give them back their energy as well. When they need you again, they will reappear; however, entry into your path will have become more refined because you did not allow the experience to define who you are.

Spirit will download amazing and marvelous information into your consciousness. You will want to share it with the world because You KNOW that it will help everyone who hears it. However, many times Spirit will ask you to speak very little of the new knowledge. They will need you to hold it, understand it, and use it so that they can give you another layer of information that will fit beautifully on this first concept layer. Over time, you will realize that all of this great knowledge was for your soul to soar! Layer upon layer of fabulous information becomes a part of you– You are being taught by God!

Remember the world may not always reflect your energies, but *your world will!* You are Master of Your Reality. You are not Master of the World’s reality. You affect it, you bless it, and you uplift it. But keep your eyes on your feet. Stay the Path. Remember- as you love, all those who have walked their path before you, will send their love to you in support. We are One!

Much love to all,
Cindy

from 11am to 4pm

Our **INNERQUEST Fests** are fun ways to explore *metaphysical thought*. We offer mini-readings and healings. Beautiful gifts are sold by our vendors. And this year, back by popular demand are Those Two Guys, adding music to the festivities.

The InnerQuest Fest is fun for everyone. It will be a wonderful day to explore the grounds, listen to music, purchase gifts for yourself and for others, and enjoy a tasty lunch, freshly grilled, just for you. We offer hot dogs, hamburgers, brats, salmon, and vegetarian items as well. Many come just for the lunch!

Readers— Our readers are all amazing. Each leads from their heart and seeks to bring a blessing to the client. Every year we hear praises about their love and accuracy. First timers are always astounded and typically say, ***I have never had a reading like that before. It was amazing!***

Healers—Our Reiki people are all trained by us and bring a spiritual love that allows a deep healing. Chakra

Balancing is another way to release what no longer serves you in a safe and life affirming way. Color therapy, Patrick's domain, is a loving soft way to receive a healing that permeates all aspects of you. And Bill Steiner will once again be offering his Sedona Technique which allows you to access and release energies that have been trapped in your field!

So you can see the value of the package that we offer: The 15 minute readings and healings are \$20 each, or you can buy a package for \$30.00 that includes one reading and one healing session, a \$10 savings. All workers are donating their time, and your participation is considered a gift to our church!

So, Come! Shop, Eat, get a Healing and a Reading and meet some new friends. You will be so glad that you were able to come and stay for a while. This only happens once a year! 2026 will be the best festival yet! And if you would like to participate as a vendor, reader, or healer and have not yet signed up, just give us a call! We would love to have you join us on this

Beautiful Day of Spiritual Togetherness.

Breathe

Living seems to slip away
When boredom enters in
Yet who invites this toxic stranger
Unknown the risk of danger

Perhaps we've missed the message
Of universal love and life
Within... Without... Around us
Perhaps it's time to trust

The uniqueness in each moment
There for all to see
Life's mystery unfolding
To be or not to be

Holy breath the only breath
The heartbeat of the One
Perpetuates this passion play
My prayer – Thy will be done
